

# Pallet Covers

## Pallet Box Liners

Better than simple tarps or plastic sheeting, these large volume bags will keep warehouse dust and dirt from contaminating your palletized products.

These large bags are extremely durable for excellent reusability and are fabricated to fit specific dimensions. They can also be used as liners for large-size pallet boxes (gaylords) and as machine covers. They are manufactured from clear linear low density polyethylene for flexibility and strength. Available in both 2 mil and 3 mil thickness and supplied on a perforated roll for easy dispensing.

### **APPLICATIONS**

Pallet covers  
Pallet box (gaylord) liners  
Machine covers  
Disposal of large items

- **Extremely durable**
- **Furnished on perforated rolls**
- **Superior strength eliminates punctures and tears**
- **Linear low polyethylene for flexibility & strength**
