

ECO Strong™ can liners

CONTAINS
UP TO
70%
RECYCLED
CONTENT

If you're looking for a reasonably priced, environmentally responsible product, then Eco•Strong™ can liners are the answer. These liners are formulated from our own recycled virgin resin and high quality post-consumer resin. These are available in a number of assorted sizes and gauges. Another thing to keep in mind is that the Eco•Strong™ liners are manufactured with up to 70% recycled content.

The Pitt•Fit™ system ensures that the can liners you choose fit the most commonly used receptacles. See the Pitt Plastics full line catalog for more information.
